

Proper 9000 Series™ Glove Care

By regularly washing your 9000 Series™ gloves, they can last up to 300% longer, and keep you and your crew safer. When working a job, you can easily wash your 9000 Series™ gloves on site:

WASHING INSTRUCTIONS:

- **Hand Wash Only**

Hand wash using mild semi-diluted cleaner and scrub until clean. Rinse thoroughly.

DRYING INSTRUCTIONS:

- Hang to dry (indoors), do not tumble dry. Do not iron.

- Store in clean, dry conditions, away from direct sunlight or extreme temperatures.
