## The Original Screed Bracket™

- Patented angle is designed to give you the most comfortable working angle when pushing or pulling.
- Maximizes movement efficiency and reduces fatigue by covering more surface area with less effort.
- Comfortably stand instead of kneeling. Less strain on back and knees, and keeps hands out of concrete.
- Quickly and easily attach to screeds or two-by-four boards measuring 1-1/2" thick (not included). For best results, use 4-8 foot screeds.
- Requires eight 1" coarse thread drywall screws to attach brackets to screed or board (not included).
