

## 410 Airug<sup>®</sup>

### Ribbed top surface PVC foam workstation mat designed with anti-fatigue properties

Airug<sup>®</sup> anti fatigue foam mat has an embossed ribbed top surface that runs down the mat, consisting of millions of air bubbles that enhances the mats slip resistance while providing increased basic worker fatigue relief. The PVC closed cell foam construction relieves leg and back discomfort while providing a barrier to cold floors. Airug<sup>®</sup> is intended for applications where basic anti-fatigue relief is required at a low cost.

- Ribs run down length of the mat for added traction
- Basic anti-fatigue protection provided
- Closed cell PVC foam relieves leg and back discomfort
- Provides an insulated barrier to cold floors
- Perfect anti-fatigue mat for dry applications
- Beveled edges on all 4 sides

Stock Sizes	2'x3', 3'x5', 3'x12'
Roll Sizes	3/8" thickness: 2'x60', 3'x60', 4'x60', 6'x60' 5/8" thickness: 2'x30', 3'x30', 4'x30', 6'x30'
Cut Lengths	3/8": 2', 3' and 4' widths (up to 60' long) 5/8": 2', 3' and 4' widths (up to 30' long)
Thickness	3/8", 5/8"
Colors	<div>  Black  Black/Yellow  Gray </div>
Product Group	Ergonomic, Anti-fatigue & Safety Matting
Environment	Dry Areas
Usage Intensity	Light duty
Sales Tip	Where basic anti-fatigue and anti-slip properties are needed at a low cost
Material	Closed Cell Polyvinylchloride
Product Weight sqft in lbs	0.53
Process	Foaming
Reach	Reach compliant (Registration, Evaluation, Authorization and Restriction of Chemicals).
Prop 65 Warning	Prop 65 Compliant
